Achievements

- I was honored with the Best UI/UX Design award at the prestigious hackathon organized by the Institute of Engineers {INDIA} in association with OROM Corp, Skillvertex, and Yoode at VIT, Vellore!

Interests

- I am highly intrigued by the student internship opportunity in UI/UX design, as I aspire to develop an innovative and dynamic web page that surpasses current standards in terms of animation and responsiveness.
- My interest is to innovate new software's/features with the latest technology up in the market.

Courses

- Data Structures and Algorithms
- Structured and Object-Oriented Programming
- Computer Programming: Java
- Software Engineering
- The Complete 2023 Web Development Bootcamp (Udemy)
- The Complete Python Course: Go from Beginner to Advanced (Udemy)
